

# Logging in for the First Time

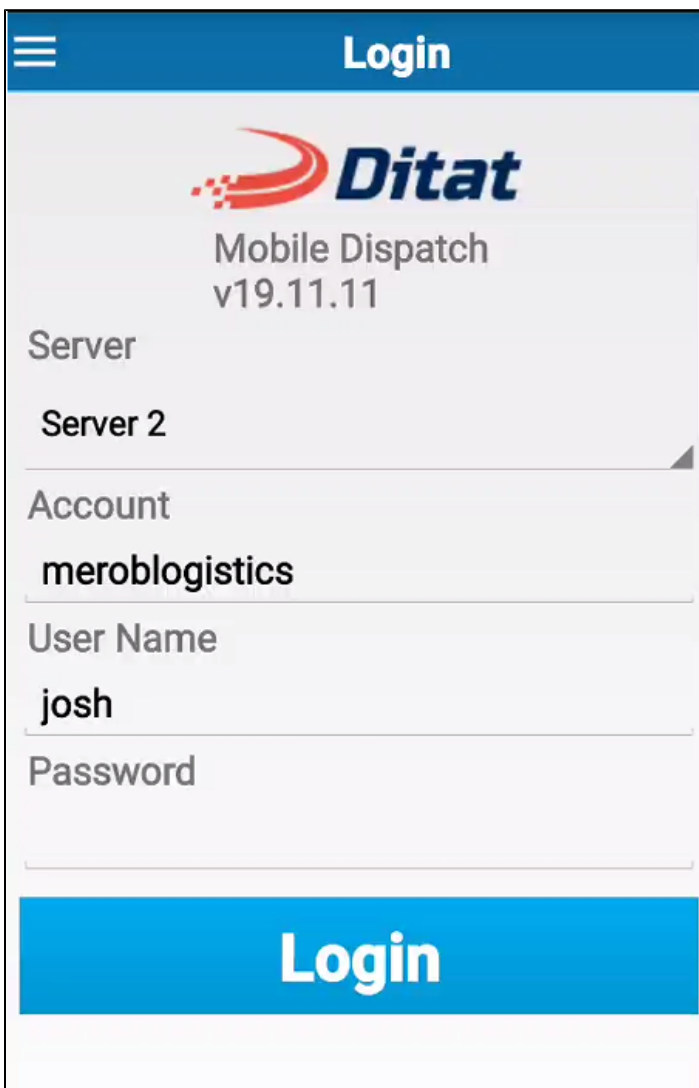

---

After the Ditat Mobile Dispatch application is **installed onto the mobile device**, you must log in for the first time. Complete the following steps:

1. Open the application by tapping the Ditat icon.

2. You will see this login screen. Make sure you select the proper server from the list.

The image shows the login screen of the Ditat Mobile Dispatch application. The screen has a blue header with a hamburger menu icon and the word 'Login'. Below the header is the Ditat logo and the text 'Mobile Dispatch v19.11.11'. There are four input fields: 'Server' with 'Server 2' selected, 'Account' with 'meroblogistics', 'User Name' with 'josh', and 'Password' which is empty. At the bottom is a large blue button labeled 'Login'.

### Selecting proper server

Your company's data will be stored on a specific server which will be defined during the initial setup.

3. After you have set up the server, proceed with logging in. Type in your **Account Id** and user credentials. [Click here for instructions on how to set up a user in Ditat TMS.](#)
-

Remember that in order to log into Ditat Mobile Dispatch, you need to select the proper Server and use the correct Account Id. Both server and account sent to you in your initial "Welcome" email.
